INDUSTRY EXPERIENCE

Deloitte Consulting US-India, Mumbai | Visual Design Consultant - II

Sep 2019 - May 2021

- Independently led and driven the Visual Design team on various projects both onsite/ offshore, administering all UI related processes including usability testing and front-end development support.
- Cultivated positive relationships with the clients by collaborating and assisting road-maps; consistently delivering user-friendly and intuitive products; maintaining transparency and confidentiality.
- Mentored junior designers/ campus hires.

Deloitte Consulting US-India, Mumbai | Visual Design - BTA (Business Technology Analyst)

Jun 2017 - Sep 2019

- Solved visual design challenges and communicated concepts through various artefacts such as mood boards, style tiles, screen designs, interactive prototypes. Proven track record of delivering error-free designs which are a benchmark in the design fraternity.
- 95% success rate at converting RFPs into a win, and recognized with multiple awards for my creative and impactful contribution to the clients and organisation.

YUJ Designs, Pune | Visual Designer

Jan 2017 - May 2017

- Collaborated with stakeholders, business, UX and technology team to understand the requirements and execute design work ensuring the final deliverables meet the client expectations.

Think Design Collaborative Pvt. Ltd., Hyderabad | Visual Designer

Aug 2015 - Dec 2016

- Worked closely with senior team members to execute the design and curating style guides/shared resources to streamline future asset production processes.
- Executed several work-streams in a fast-paced environment and delivered visual design solutions based on the design materials provided by the clients.
- Recognised as the "Employee of Quarter" for going beyond my role and taking ownership and responsibility in my projects.
